## **ACKNOWLEDGEMENT**

We wish to express our appreciation to the Tharaka Nithi County Government and specifically, the officials who participated in the Annual Capacity and Performance Assessment.

We are grateful to the County Deputy Secretary Mr. Ahmed M. Hammed for presiding over the exit meeting and committing that the County would endeavor to address identified gaps.

We also wish to express our appreciation to Mr. Alex Muratha KSDP Focal Point person, who was so solicitous in ensuring we had a comfortable environment to work from, and who mobilized relevant staff and was always at hand to respond to our enquiries. Finally, we wish to sincerely appreciate all the County officials who represented the relevant departments during the assessment and who tried their utmost to facilitate the assessment.

## EXECUTIVE SUMMARY

The Government of Kenya developed a National Capacity Building Framework – NCBF, in 2013 to guide the implementation of its capacity building support for county governments. The program is a key part of the government’s Kenya Devolution Support Program - KDSP supported by the World Bank. The NCBF spans PFM, Planning and M & E, Human Resource Management, Devolution and Inter-Governmental Relations and Public Participation.

The Ministry of Devolution and Planning – MoDP, state department of devolution subsequently commissioned Matengo Githae & Associates to carry out an Annual Capacity and Performance Assessment – ACPA in forty-seven counties. The ACPA assessment aims to achieve three complementary roles.

Evaluating the impact of capacity building support provided by national government and development partners under the NCBF will inform the introduction of a performance-based grant (the Capacity & Performance Grant, which will be introduced from FY 2016/17) to fund county executed capacity building and to increase the incentives for counties to proactively invest in their own capacity.

In preparation for the assessment process, MoDP carried out an induction and sensitization training to the consulting team to help them internalize the objectives of the ACPA, size of capacity and performance grants, County Government’s eligibility criteria, ACPA tool, and the ACPA assessment criteria.

This report documents the key issues that arose during the final assessment of Tharaka Nithi County Government spanning the methodology used for the assessment, time plan and the overall process, summary of the results, summary of capacity building requirements and the need for follow – up, challenges in the assessment in general and the training methods.

**Table 1: The assessment was summed as follows:**

ACPA Measures	Outcome
MAC	All have complied with MAC except for item 3 and 4- which has not been implemented
MPC	Have met 3 MPCs, MPC 5-Adherence to Investment Menu is not applicable in this assessment. 5 MPCs not met which include MPC 3-Audit Opinion, MPC 4-Annual Planning, MPC 7-Core staffing in place, MPC 8-Environmental & Social safeguards and MPC 9-Civic & Public Participation.

### Achievements

We note that it was difficult to tease out any notable achievement. While we acknowledge efforts in environmental performance, in terms of developing key documents to guide environmental management, we note that the said documents were not formally approved. Indeed, a key challenge for the County was formalizing processes and procedures a factor that affected its overall performance. It was apparent that the County was still in transition and that capacity building was needed in most departments.

### Weaknesses

Weaknesses were noted across the board. Key weaknesses noted were:

- Failure to institutionalize an Audit committee as required by the PFM Act Art 155;
- Weak human resource management system
- Inadequate capacity in budgeting and procurement
- Lack of civic education and public participation unit
- Lack of a complaint's management system.
- In terms of investment implementation and social and environmental performance, it was especially difficult to track investment performance due to inadequate data (attributed to relevant officials being unavailable to provide the information) and secondly, because a verifiable CIDP was not produced and thirdly, because the ADP was not prepared as per the prescribed standards.
- The county did not have an Annual Progress Report.
- It is also observed that the County had not done well in institutionalizing various committees, which are needed to oversight key result areas. Specifically, the M&E, and County Environment Committee had not been established.
- It was also noted that several key documents particularly in M and E and Environment were in draft form and had not been approved

## Challenges

The main challenges faced during the assessment were:

- That it was not possible to hold an opening meeting since there were only two members of staff responsible for Key Result Areas present at the appointed time. The late involvement of key staff led too much of the information being provided on the third day.
- Failure to provide documents which had been formally approved, and which could then be used as evidence. To illustrate the foregoing, the assessors were provided with unsigned copies of the CIDP and ADP 2017/18 all of which were in soft copy.
- The assessment exercise was adversely affected by the then ongoing political campaigns since some senior officers were reportedly on the campaign trail and were therefore not available to support the assessment process.

## Areas of Improvement

- Implement the IFMIS Hyperion module
- Establish and train an audit committee.
- Implement an ICT based revenue collection;
- Institute a HR policy and approved staff plans
- Establish a Civic Education and Public Participation Unit
- Institute a complaints management system
- Train and sensitize the County Assembly Public Finance and Investment Committee to scrutinize external audit reports in a timely manner
- Enact legislation on Public Participation. Education and Public Participation Act 2015
- Document public participation activities
- Establish and institutionalize a County Environmental Committee
- Establish and institutionalize a County Monitoring & Evaluation Committee
- Produce a County Annual Progress Report
- Institutionalize an environmental and social safeguards system
- Provide documents, which had been formally approved which could then be used as evidence. We were provided with unsigned copies of the Quarterly financial statements, CIDP and ADP 2017/18 all of which are in soft copy.

## 1.0 METHODOLOGY, ASSESSMENT TEAM AND ACTIVITIES

### 1.1 Methodology

The consultants relied on the following activities in carrying out the capacity assessments

#### a) Entrance Meeting

The consultants were not able to hold an entrance meeting with the County Officials since only two of the relevant county officers were available at the appointed time and since it was getting late, a decision was made to proceed with the assessment so as not to lose valuable time.

#### b) Data Administration

The consultants administered the questionnaire within three (3) working days. The consultants applied experiential learning (EL) to conduct Key group and other interviews, engaged with key Tharaka Nithi County Government and County Assembly Officials, senior management and staff who were knowledgeable in areas that related to the ACPA assessment to identify key capacity building issues and areas.

The consultants also used compliance modeling (CM) and organization review (OR) to review whether Existing County Integrated Development Plan – CIDP, Annual Development Plans – ADP's, Budgets, Financial Reports, key project documents, policy documents and strategies; and departmental reports complied with underlying laws, regulations and were modeled to produce the intended results in compliance with current national government laws, guidelines, policies, regulations and ACPA participation and assessment guidelines; and action planning (AP) to develop capacity building recommendations.

#### c) Exit Meeting-Debriefing

The consultants held a debriefing session with the Tharaka Nithi County team to share the outcome of the assessment process. This was meant to iron out emerging issues and any differences arising from the assessment process, and agree on the said issues if any, to reduce any potential conflict on the outcome of the results, by explaining the basis for the outcome.

The debriefing meeting agenda comprised of the following:

- Preliminary key findings and outcomes of the assessment.
- The level of information availed vis a vis what was expected.
- Comments from the County team

## 1.2 Time Plan

- Review and develop public participation and information dissemination methodologies that respond to the specific circumstances and socio-cultural context of Tharaka Nithi.

#### **4.0 CHALLENGES IN THE ASSESSMENT**

The following were some of the key challenges encountered during the process of undertaking the assignment.

- The assessment exercise was adversely affected by the ongoing political campaigns since some senior officers were reportedly on the campaign trail and were therefore not available to support the assessment process.

## 5.0 SPECIFIC AND GENERAL COMMENTS TO INDIVIDUAL ASPECTS OF THE ASSESSMENT PROCESS

Issues raised and respective recommendations made by individual aspect of assessment, i.e. MACs, MPCs and PMs are provided in the following sections 5.1 to 5.3.

### 5.1 MAC's

The documents were availed

### 5.2 MPC's Issues

- Audited accounts were not available for the financial year 2015/16 as the office of the Auditor General was still to release the same.
- Planning requirements were met with minimal gaps identified in the assessment
- Procurement indicators were met with Consolidated Procurement Plan for the FY 2016/17 Year in place.
- The requirements for core staff was partially met with the exception of the position of the County Secretary which could not be confirmed since an individual file was not provided for verification.
- Information on Environmental and Social Safeguards systems was not provided and the thematic areas was consequently not assessed
- A complaint handling System was not in place since there was no staff or mediums in place to deal with complaints.

### 5.3 PMs

#### KRA 1: Public Finance Management

The following observations were made:

- IFMIS was not fully adopted and there was a need to automate the system end to end
- The County had not automated its revenue collection. Based on the information provided there was an expectation the necessary approvals to acquire the system would give after the upcoming national elections.
- The County was not preparing monthly reports, but was instead generating quarterly reports though not compliance with submission timelines.
- An assets register was in place, though the same was last updated on 26<sup>th</sup> February 2015. The register did not have basic information like date of purchase, supplier name, cost, tag, and engine and chassis number.
- Internal Audit plans and reports were availed, though no action plan from the executive was available. An audit committee was yet to be established.
- **Procurement:** The County was yet to fully operationalize the IFMIS system and was only implementing 11 steps at the time of the assessment. There was a noted need for capacity building on fully implementation of the system.

## **KRA 2: Planning and Monitoring & Evaluation**

The following was observed:

- The County M and E Committee was not established
- It was not possible to establish linkages between the CIDP, ADP and Budget due to the absence of a signed CIDP and further because the ADP 2016/17 did not follow the prescribed format.
- Completed projects were not evaluated.
- It was not possible to establish whether the C-APR informed the ADP since the C-APR was not developed.

## **KRA 3: Human Resource**

- Organizational structures and staffing plans and systems were not in place
- There was no consolidated staff plan with targets. There was an observed need for capacity building for the HR staff to understand the process and essence of staff plans with targets.
- Some files were missing in the registry for instance, that for the County Secretary. Generally, the staff files were not populated with academic certificates, CVs , Job descriptions and offer letters.
- Performance contracts for level 1&2 were last signed in FY2015/16. PCs for 2016/17 were not allegedly due to political misunderstanding within the County.
- Performance appraisals for senior staff as well as staff appraisals were not done yearly as required.
- Staff rationalization for all these categories in accordance with the new scheme of service developed by SRC for the counties had been done.

## **KRA 4: Civic Educations and Participation**

- The County did not have a CE/PP unit and consequently had no dedicated staff for CE/PP
- There was no budgetary provision for CE/PP.
- There were no CE programs noted,
- The County did not produce reports on mandatory citizen participation forums.
- Sufficient information was not published to facilitate citizen's participation in County governance since key documents were not available either on the County executive or legislature's website.
- There were no feedback mechanisms for citizens on their input to key County documents.

## **KRA 5 Investments and Social Environment Performance**

- There was no evidence provided on whether EIAs, ESMPs etc. were consulted before commencement of civil works
- It was difficult to track performance of County investments due to inadequacies in the formatting and presentation of information in the ADP and further because a signed CIDP was not provided. In addition, the required information on investment was not provided sufficiently to help review the same.

## **6.0 NOTIFICATION OF DISAGREEMENT WITH THE OUTCOME OF THE ASSESSMENT ALREADY NOTED DURING THE FIELD-TRIP**

- No notice of disagreement was noted as the team gave an overview of its experience during the assessment, and a highlight of the weak areas that needed improvement.
- None of the quality assurance variation issues was raised.

### **Agenda**

1. Presentation of Preliminary Findings
2. Comments from the County
3. AOB

### **Opening Remarks**

Mr. Alex Muratha called the meeting to order and welcomed everyone. He thanked the staff for the support they had given to assessors in ensuring successful completion of the assessment. He then welcomed the assessors to give their preliminary findings.

### **Preliminary Findings**

The assessors presented their findings as follows:

Generally, it was noted that County officials were not prepared for the exercise resulting in the failure to hold an entry meeting. It was further noted that there had been significant delays in producing documents and information requested. Further, there was a tendency to conduct processes informally leading to lack of approvals for documents and in some instances, failure to provide key documents.

#### **1. Public Finance Management**

##### **1.1 Finance**

- Most of the information provided was in draft form as they were not signed by relevant COs and HOD e.g. Bank reconciliations, Quarterly reports

- Submission acknowledgement from KENAO for the FY 2015/16 statements was not provided for verification. Department was given chance to contact KENAO Embu Hub to provide them with a copy, which was not received by time assessor were leaving County
- The asset register was provided but lacked some basic information like date of purchase, supplier name, chassis and engine number. There was need to maintain an updated register.
- The County was not compliant with timelines for submitting quarterly financial statements to the National Treasury. No evidence was provided to support compliance with submission timelines.
- The budget execution report and vote books were not provided for verification. County had challenge of retrieving report from system as the rights had been locked after end of the financial year.

## **1.2 Procurement**

- The County had not been submitting quarterly reports to the PPOA as required by law despite this issue having been noted during a visit by the PPOA to the County.
- Storage space for procurement documents was a challenge considering the County was yet to acquire adequate office space and was operating from prefabricated quarters. It was noted that permanent offices were under construction at the time of the assessment.

## **1.3 Internal Audit**

- Internal Audit reports were submitted to Governor and respective COs but no reviews and action reports & plans were available.
- The department lacked independence since it was under finance/treasury one of the departments subjected to audit reviews.
- There was no audit committee.

## **1.4 Human Resources**

- No staff plans and appraisals were place.
- Organogram not approved.
- Some personal files which had been requested were missing (e.g. County Secretary).
- Staff files require urgent update as they were missing CV, Academic certificates, Jobs description, thus difficult to ascertain qualification for different positions held.
- Performance contracts for the year 2016/17 were not developed and operationalised.

## **2.0 Planning, Monitoring and Evaluation**

- M and E and Planning Units in place
- There was a budget provided for both planning and M and E
- No approved CIDP provided for review
- No County M and E committee
- No Annual Development Plan for 2017/18
- The ADP for 2016/17 had no evidence of approval though it was noted that it was submitted late to the County Assembly. The ADP did not follow the guidelines in s. 126 of the PFM
- No County Annual Progress Report done, what was available was an M& E report which did not meet the requirements for a C-APR

## **3.0 Civic Education and Public Participation**

- Noted the County had access to guidelines and curricular from the Ministry of Devolution on CE/PP
- No legal framework for CE/PP developed as required by law
- No designated CE/PP staff, since the position did not exist even in the draft County organogram
- No evidence of CE outreach
- No evidence of citizens engagement and feedback forums
- No budget for CE/PP
- No evidence of programs, work plans etc.
- No citizen's complaints system
- No evidence of publication of key documents to enable citizens participation in County governance, while some documents were available none of those listed in terms of the ACPA were available i.e. core documents used for financial, budgeting, planning and auditing as well as performance assessment
- Acts and Bills not available online

## **4.0 Investments and Social Environment Performance**

- Difficult to establish investment implementation in absence of approved CIDP-not able to track implementation of ADP- No completion register provided
- Efforts made to develop policy documents as well as a State of the Environment Report 2013(though no subsequent report)
- There was as well a progress report on projects in the Ministry of Tourism Water Services and Environment and Natural Resources which included a report on environmental issues although it does not address issues of Environmental safeguards, EIAs, ESMPs etc.
- Draft Natural Resources Management Policy of 2016 which at chapter 4 provides for EIAs for all significant project developments (not approved). As such, there was no

policy or legislative framework at County level, since the Natural Resources Management Policy of 2016 has not been approved.

### **5.0 Comments from the County Officials**

The County officials responded as follows:

- The findings were accurate.
- Several of the weaknesses identified by the assessors had already been identified by the County and had been provided for in the Capacity Building Plan.
- That regarding the budget, there had been challenges in meeting timelines and that they had tried to address this. The same had been noted in their self-assessment.
- That regarding the lack of verifiable documents such as the CIDP, the County had been able to transact and engage with other government agencies using the said documents. They observed that they had requested for a Hansard report from the County Assembly to give evidence of the approval of the CIDP but the same had not been provided since the CA needed a formal letter of request.
- They County shall embark in ensuring the gaps identified are minimized.

### **AOB**

There being no other business the meeting ended 3.30 PM with a word of pray from Mr. James Mwiti
